Professional Development Workshop

Ken Evans, PD Committee Chair

Professional Development Committee Members

- Ken Evans, P.Eng., Committee Chair
- Colin Dunwoody, P.Eng.
- Michael Geraghty, P.Geo.

The Professional Development Committee will take an active role in ensuring that members are kept abreast of changes to Ministry Protocols and Technical Guidance documents as well as provide opportunities for members to discuss issues and concerns related to their practices

Duties and responsibilities of the committee:

1. Plan PD Sessions for members on a regular basis
 - a. Identify topics and appropriate speakers
2. Identify sessions, workshops, etc. that would be of interest to members
 - a. This information will be displayed on the CSAP website
3. Monitor the Q&A section of the website

Purpose of the Workshops

- To foster a consistent and defensible approach among APs in dealing with site assessment and remediation issues
- To find solutions to common issues faced by APs

Potential Topics to be Included in Future Workshops

- Application of groundwater standards
- Soil vapour investigations
- Use of MOE templates

Suggestions from membership are welcome
